Dear Mr. Hudgins:

Thank you for contacting me to express your support for amateur radio and S. 1236, the Amateur Radio Spectrum Act of 2005. I welcome your thoughts and comments on this issue.

Amateur radio operators serve the public by broadcasting emergency communications in times of disaster. Their assistance after the horrific events of September 11, 2001, was invaluable. S. 1236 would preserve the amount of radio spectrum allocated to the Amateur Radio Service. This legislation awaits consideration by the Senate Commerce, Science, and Transportation Committee, of which I am a member. As I continue to monitor the progress of this bill, you may be certain I will keep your views in mind.

I appreciate hearing from you and hope that you will not hesitate to keep in touch on any issue of concern to you.

Sincerely,

Kay Bailey Hutchison
